SUPPORT FOR THE AMENDMENTS

Applicants have rewritten Claims 31-34 in independent form by including the limitations of base Claim 30. Accordingly, support for amended Claims 31-34 can be found in Claim 30-34, as previously presented.

REMARKS/ARGUMENTS

At the outset, Applicants wish to thank Examiner Mullis for indicating that Claims 1, 3-8, 10-12, 16-19, 22-29, and 37-45 are allowed and that Claims 31-36 are only objected to as being dependent on a rejected base claim. Applicants submit that, in view of the present amendments, all of the pending claims are now allowable.

As explained above, Claims 31-34 have been rewritten in independent form by including the limitations of base Claim 30. Accordingly, these claims should now be allowed.
